

MĀORI AND PASIFIKA TRADES TRAINING SCHOLARSHIPS

BUILDING YOUR CAREER

Māori and Pasifika Trades Training Scholarships

Tēnā koutou, Talofa lava, Kia orana, Bula vinaka, Malo e lelei, Bozu, Malo ni, Yes Olgeta, Aap Kaise Hai, Fakaalofa lahi atu.

Apply now for a 2016 Māori and Pasifika Trades Training Scholarship. Study on a trades qualification with a scholarship towards your fees at WelTec or Whitireia. Our training is delivered in a setting that reflects real workplaces.

Māori and Pasifika aged between 16 and 40 are invited to apply for a Trades Training Scholarship which will see you fully equipped to enter the workforce with a relevant pre-trade qualification that will really lead you places. Equipped with a qualification, Passport to Work and the tools** to do your job, you will be supported to achieve your very best and realise your goals.

Whitireia and WelTec have joined forces with Iwi, the Pasifika community, Industry Training Organisations and employers across the Wellington region to ensure you have every opportunity to complete your programme of study, find work and enter a New Zealand apprenticeship in your chosen career.

We'll be doing everything we can to make sure you're on the pathway to success. Wrap around services to scholarship recipients include:

- Learning support and mentoring to give you every opportunity to complete your programme of study at WelTec or Whitireia
- Inter-agency support and advocacy if required
- Assistance with goal setting
- Work readiness preparation** including making sure you have the type of CV employers are looking for, providing you with the opportunity to achieve your New Zealand Driver Licence, Site Safety certification, First Aid certificate (if required for work)

You will have access to our excellent job brokerage service and support to get a job. We will work with our consortium partners and employers to make further study opportunities available to you.

Be one of the young Māori and Pasifika Trades trainees wanting to make a difference to our economy and for themselves. Apply now for a Māori and Pasifika Trades Training Scholarship.

Ko te manu e kai i te matauranga, nōna te ao”*

Faculty of Trades and Services

Te Kura Ringa Rehe

Certificate in Electrical Engineering

Start Date: February and July 2016

Location: Porirua **Level:** 3

Learn a wide range of practical skills and knowledge across the electrical industry. Discover best practice for use of hand tools, power tools and test instruments. Complete practical projects in a workshop environment. Be well prepared to start work as apprentice electricians or in a related trade.

Certificate in Automotive Engineering (Advanced)

Start Date: February and July 2016

Location: Porirua **Level:** 3

Gain a range of NZQA Motor Industry Level 3 and 4 unit standards which will help in gaining an apprenticeship as an automotive mechanical or electrical engineer.

Certificate in Carpentry

Start Date: February and July 2016

Location: Porirua **Level:** 3

Learn a mix of theory and practical skills needed to enter an apprenticeship in the construction industry. You'll learn to construct floor and wall framing, fix roofing, cladding and internal linings, fit windows and hang doors. Develop hand tool and power tool skills, safe work practices and increase your knowledge of building codes, construction standards and regulations.

Certificate in Plumbing, Drainlaying, Gasfitting and Roofing

Start Date: February 2016

Location: Porirua **Level:** 3

Gain a wide range of knowledge and skills across the four trades of plumbing, gasfitting, drainlaying and roofing. Learn how to use and maintain plumbing and drainlaying tools, how to install drains and manholes and different kinds of roofs, welding, brazing and soldering. Be well prepared to commence work as an apprentice plumber, gasfitter, drainlayer or roofer or to work in a related trade.

National Certificate in Hairdressing (Salon Support) (Level 3)

Start Date: February and July 2016

Location: Porirua **Level:** 3

Learn fundamental hairdressing and customer service skills to begin a hairdressing apprenticeship. Includes substantial practical experience to support the essential theory delivered.

Certificate in Beauty and Hairdressing

Start Date: February 2016

Location: Porirua and Kāpiti **Level:** 3

Learn about make-up, cosmetics, beauty products and hairdressing. Gain essential theory and practical experience during salon days and other promotional events; practice on real customers. This programme includes the National Certificate in Hairdressing (Salon Support) (Level 3).

WelTec

*“Ko te manu e kai i te miro, nōna te ngahere
Ko te manu e kai i te matauranga, nōna te ao”*

School of Construction

Ngā whare tapu o Tane-mata-rau-kiri

Certificate in Carpentry

Start Date: February and July 2016

Location: Petone **Level:** 3

Learn a mix of theory and practical skills to enhance your employment options. On WelTec's building site or on a marae, you'll learn to construct floor and wall framing, fix roofing, cladding and internal linings, fit windows and hang doors. Develop hand tool and power tool skills, safe work practices and increase your knowledge of building codes, construction standards and regulations.

Certificate in Foundation Studies (Painting)

Start Date: February and July 2016

Location: Porirua **Level:** 3

The Certificate in Foundation Studies (Level 3) programme, specialising in painting, will give you all the key skills needed to begin work as an assistant to a painter within the construction industry. With experience and further study you can progress to a qualified tradesperson in a team or become self-employed. Other building industry jobs, such as plastering or tiling, are also an option.

This certificate provides students with knowledge of how to interpret drawings and specifications for building work. Students will learn safe worksite practice in preparation, through to finishing off a paint system in a practical tertiary education setting.

Certificate in Applied Decorating Skills

Start Date: July 2016

Location: Petone **Level:** 4

An introduction to the decorating industry. You will gain skills in hanging wallpaper and friezes, specialised and vinyl wall coverings, spray coating and decorative colour effects and glazing. A work experience component is designed to reinforce learning and skills developed in the programme.

Certificate in Electrical Engineering

Start Date: February 2016

Location: Petone **Level:** 3

Designed for those wanting to pursue a career as an electrician, appliance service technician, electrical fitter or electronics serviceperson, this programme will provide you with broad based training in all aspects of the industry and includes a large practical component with at least eight hours of work experience per week.

Certificate in Brick and Block Laying

Start Date: February 2016

Location: Petone **Level:** 3

Designed for those wanting to learn skills and enter careers in the brick laying, block laying, tiling or paving industries. You will learn how to interpret plans, consult with clients and work on a range of practical projects.

- > Learn the techniques and skills of block laying, bricklaying and tiling
- > Use and maintain hand-tools
- > Install drainage systems
- > Learn workplace health and safety and first aid
- > Develop skills in hard surface construction (concrete, paving, slate and tiling)

Certificate in Plumbing, Drainlaying, Gasfitting and Roofing

Start Date: February 2016

Location: Petone **Level:** 3

Gain a wide range of knowledge and skills across the four trades of plumbing, gasfitting, drainlaying and roofing. Learn how to use and maintain plumbing and drainlaying tools, how to install drains and manholes and different kinds of roofs, welding, brazing and soldering. Be well prepared to commence work as an apprentice plumber, gasfitter, drainlayer or roofer or to work in a related trade.

Certificate in Landscape Construction

Start Date: February and July 2016

Location: Petone **Level:** 4

The Certificate in Landscape Construction will provide students with the knowledge and skills to enter into the landscape construction industry.

You will learn best industry practice from our skilled tutors in constructing various hard surface landscape features, and how to best advise clients on their regulatory obligations.

- > Gain skills in the use of hand tools, power tools and equipment
- > Learn about timber construction of landscape features
- > Gain an understanding of hard surface construction (concrete, paving, slate and tiles)
- > Learn about brick, block and stone landscape features
- > Gain knowledge about drainage requirements for hard surfaces

School of Creative Industries

Te Ranga Ahumahi o ngā Hāpori

Certificate in Hairdressing and Beauty Services

Start Date: February 2016

Location: Wellington **Level:** 3

Gain a solid grounding in the skills and knowledge required to work in the hairdressing industry in a salon support role. Includes: elementary hairdressing services; professional customer service and communication skills; elementary beauty services and competition experience. Learn the skills required to build your own portfolio of creative hairdressing and makeup skills gained on this programme. Opportunity to gain the National Certificate in Hairdressing (Salon Support) (Level 3).

School of Engineering Technology

Te Kāhui Pūkenga o ngā Pūkaha

Certificate in Engineering

Start Date: February 2016

Location: Petone **Level:** 3

This certificate is designed for those interested in pursuing a career in mechanical engineering. Gain skills that will allow you to build, maintain or operate equipment and plants used in the mechanical engineering industry. On completion, you will be able to perform a wide variety of mechanical engineering-related tasks relevant to trades, including maintenance fitting, fitting/turning, welding, sheet metal working, structural fabricating and toolmaking.

Certificate in Automotive Technology

Start Date: February 2016

Location: Petone **Level:** 3

The Certificate in Automotive Technology offers a common first year with the option of specialising in your second year with strands in Light Vehicle, Electrical and Electronics or Heavy Vehicle. With significant skill shortages for skilled automotive engineers in New Zealand, we offer a range of specialisations so that you can study towards a specific career path.

Certificate in Motor Body Trades (with strands in Collision Repair or Refinishing)

Start Date: February 2016

Location: Petone **Level:** 3

Designed to prepare you for employment as an apprentice collision repairer or refinisher, the Certificate in Motor Body Trades (Level 3) will provide you with foundation spray-painting and collision repair skills to start your career.
